| | |
| | Issues in Environmental Science |
| Nominees statement | |
| Why I want to be the | There are 3 levels of operation of FIG; governance (the |
| President of FIG | Council), management (the Commissions) and |
| | administration (the Office). Recent investigations have |
| | suggested that the management level (the Commissions) |
| | operates optimally. However, the other two levels can and |
| | should be improved. |
| | ' |
| | I would like the opportunity to cooperatively develop and |
| | lead improvements to refresh the governance and |
| | administration of FIG. |
| | |
| | I believe this is the particular role of the President. |
| What I can offer to FIG in | There are 2 important issues facing FIG. The first is strategic |
| support of its aims and | leadership and governance in a time of rapid technological |
| objectives | and organizational transformations of the activities and roles |
| | of members of FIG Member Associations. This must come |
| | from the FIG Council. As a professional planner and |

President

| | The second is related to the first in that in order to achieve our goals we need to find greater resources to support the FIG office . This requires improving the income of FIG, which has been an ongoing concern for the Council and the Member Associations for some time. That is, I stand for sound governance and adequately resourced administration . The latter, in particular, is a major challenge and must be not only addressed but pursued with determination. |
|--|---|
| | While there may be concern about increased travel costs for a President so far from Europe. This reinforces the Eurocentric bias of FIG. It would be my intention, while appearing as required at important functions wherever and whenever they occur, to utilize the expertise of the Vice Presidents, raising their status, and if necessary and appropriate, Commission Chairs. |
| | However, my more immediate concern would be to be available to the Asia-Pacific region , and specifically Oceania where the greatest consequences of global environmental impacts will be felt most. |
| | I did this successfully during my terms as Vice President (Pacific) and President of CASLE itself between 1998 and 2007. This was during troubled times in Fiji, the recognised centre of Pacific activities. |
| My key skills | Decades of successful not-for-profit governance; Cooperative management style; Highly experienced in working with a diversity of nationality, gender and occupational groups; Mediation practice experience; Critical analysis and problem solving; High level of integrity, listening ability, and communication. Pragmatism. |
| Any other supporting information and comments: | In particular, I represent a small non-European country , one that generally "fights above its weight" in international sporting, cultural, political and intellectual affairs. New Zealanders are world-recognised achievers. To date New Zealand has not held the supreme office in FIG. |
| | I combine that kiwi spirit with traditional Scottish values. |

Nomination Template **President**

| Nominator | |
|---|---|
| Name of member association | New Zealand Institute of Surveyors - NZIS |
| Name of Proposer/Contact: | Andrew Stirling |
| Position in Association | Chairman of the Board |
| Contact address | PO Box 5304, Lambton Quay Wellington, New Zealand |

| Nominator's statement | |
| Why the association wants to nominate Nominee | Vision for Change. NZIS supports the candidates view of the strategic leadership and change required to position FIG for optimum performance. Brian is superbly qualified to lead FIG to enhance its relevance and achieve its goals. Governance Experience. Brian has an extensive and diverse governance CV. He has provided excellent leadership to many organisations within the surveying sector in NZ and internationally. Commitment. Brian has demonstrated his commitment to FIG in a range of roles for over 20yrs while balancing other demands on his time. He knows a great deal about FIG and the context it operates in. Collaborative style – outcomes focus. Brian is collaborative in style and focused on achieving successful outcomes. Diversity. NZIS supports diversity of Presidential candidates. Brian brings a strong world view and a focus on the rapidly changing Asia Pacific Region, including the Pacific Islands. Brian will relate well to all member organisations. |
| What support (financial, administrative and others) can the Association provide to the Nominee if elected President | Up to NZ\$5000 per year towards airfares and accommodation. |
| Any other supporting information: | Nil |
| Name of Seconder: | Rebecca Strang |
