FIG WORKING WEEK 2017

Surveying the world of tomorrow -

Helsinki Finland 29 May - 2 June 2017

From digitalisation to augmented reality

Current situation

- Surveys done by employees in the municipalities
- The Cadastre is updated by the municipalities
- Mapping Authority responsible for the technical system
- Who is responsible for the quality of the data in the cadaster?

FIG WORKING WEEK 2017

Surveying the world of tomorrow -

Helsinki Finland 29 May - 2 June 2017

From digitalisation to augmented reality

Proposal

- Cadastral surveys shall be performed as a professional regulated service
- A system with personal authorization shall be introduced
- Cadastral surveys may be done by public services or private companies
- The Norwegian Mapping authority shall be responsible for registration of boundaries in the cadastral map
- Cadastral survey will be obligatory when properties are sold, if no previous cadastral survey is performed.

FIG WORKING WEEK 2017

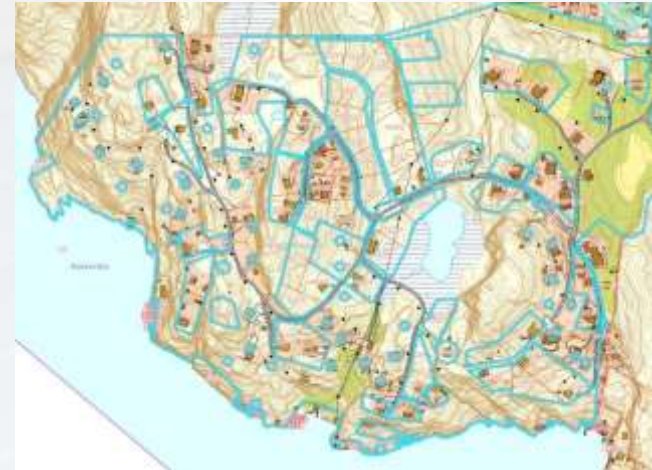

Surveying the world of tomorrow -

Helsinki Finland 29 May - 2 June 2017

From digitalisation to augmented reality

Consequenses

- For land owners
- For the municipalities
- For the Mapping Authority
